

Nagaland to host the 16th National's Children's Science Congress

Nagaland will be hosting the 16th National's Children's Science Congress, at Dimapur from 27th to 31st December 2008. Hundreds of child scientists from across the country will take part in the six-day event to be held at Livingstone Foundation Higher Secondary School, Dimapur. The qualitative and quantitative expansion of NCSC has drawn attention of different countries and

in the previous years, observers from Germany, Bangladesh etc attended NCSC. Eight child scientists will represent Nagaland State, during the first ever Congress to be hosted by the Govt. of Nagaland in collaboration with NIHESW.
